My co-workers can't stop talking about what they did this weekend...I can't get through my emails on Monday morning!

On Monday—when you've got a full inbox and a long to-do list—it can be tough to get back in the groove. Choose options that mitigate the noise while still allowing you to connect with your team.

Our Privacy Solutions

Privacy Panel

Privacy Panels allow you to be a part of the bustling office while dampening noise and offering visual privacy.

We love working in an open office...but only if it's balanced with space for privacy. It's crucial to provide your team the choice to work somewhere quiet for private work or confidential conversations.
